

We can't say enough positive things about our experience with St. Paul's. Every step in the process, our child received the best care available. Our daughter, Caroline, LOVES all the teachers and looks forward to going every day. Caroline's development and level of care has been nothing short of exceptional.

– Scott, Parent

My son is thriving at St. Paul's Child Care. He's excited in the morning to see all the teachers, not just his own, and I know he is safe and truly cared for. His language and social skills are blossoming under their guidance. He always talks about his friends and I can see how happy he and the other children are. I'm also often pleasantly surprised by new skills he acquires that I didn't realize he had yet. I could not be happier that my son is lovingly nurtured at St. Paul's.

– Danielle, Parent

Letter from the Director

St. Paul's Child Care

St. Paul's Child Care is a program designed to meet the evolving needs of children throughout their early stages of development. Our qualified, dedicated staff provide a variety of activities focused on cultivating academic, social, and emotional skills. Our curriculum includes:

- ◆ Language development
- ◆ Physical movement
- ◆ Literature
- ◆ Science
- ◆ Art projects
- ◆ Outdoor play
- ◆ Team building
- ◆ Music and dance
- ◆ Multicultural events

We believe that children acquire the foundation for writing, imagination, and logical thinking by making guided choices. The goal is to have your children school-ready!

I have been working for St. Paul's Child Care since 2018 and have been in this field for over 20 years. I have always enjoyed working with children. From their curiosity, to figuring out how to do something on their own, to the fun and amazement they can bring into your life. Witnessing their growth from infancy through preschool has been wonderful to be a part of here at St. Paul's. I love what I do and each day is different and brings something new. I thank the parents for trusting us with the care of their little loves, we are proud to be able to serve this community.

– Vanessa Garcia,
St. Paul's Child Care Director

Program Goals

- ◆ Promote acceptance and understanding
- ◆ Nurture creativity
- ◆ Develop empathy and respect
- ◆ Increase self-worth

Health & Safety

At St. Paul's Child Care, our highly trained and vigilant staff take every precaution to maintain health and safety protocols, including frequent surface cleaning, hand sanitation, and daily health checks. Rest assured that your child's well-being is our top priority.

**For children 8 weeks to 5 years old
Monday - Friday, 7:30am - 5:00pm**
