

# Congratulations, you are Vaccinated! Now What?

## Thank you for doing your part to keep yourself and our seniors safe!

While getting the vaccine is a major step toward ending the COVID-19 pandemic, not everyone is vaccinated. According to the CDC, we still need to be careful and practice infection control policies until we know it is safe to do otherwise.

### For the safety of our seniors, please continue to:

- Wear your mask
- Socially distance
- Wash your hands
- Avoid large gatherings
- Comply with all State mandated rules
- Practice travel protocols set by St. Paul's
- Contact your supervisor if you have symptoms or were exposed to someone with COVID-19

Thank you for all you do to keep our residents and participants safe.
