St. Paul's PACE Opens Satellite Clinic in North County

*****The clinic and rehab center to provide services for low-income seniors starting in February 2020*****

SAN DIEGO, CALIF. (Dec. 15, 2019) – St. Paul's Program of All-inclusive Care for the Elderly (PACE) announces its soon to open satellite center in North County San Diego. The clinic, located in Encinitas, is slated to open in February 2020 and will provide care for low-income seniors from central San Diego to Oceanside.

"Our original vision was to operate five St. Paul's PACE centers in each region of San Diego County; this new center will be our fourth," said Carol Hubbard, St. Paul's Chief Community Services Officer. "We have been serving seniors in the North County area for a while now. This allows us to provide services much closer to their homes."

Located on the campus of Seacrest Village properties in Encinitas, St. Paul's PACE North will provide Primary Care (including physician and nursing services), Social Services, Restorative Therapies (such as physical, occupational and speech) and personal care services.

"St. Paul's PACE North will serve very low-income seniors with chronic healthcare needs; the impact of this program in the North County will be nothing short of transformational," says Carol Castillon, who will be the Center Director of this new location and currently serves as Center Director for the downtown site. "We help seniors with chronic health conditions who struggle at home, but it's not just healthcare. Individuals often come to our center alone and end up with a community of new friends."

The new center is located at 304 Seacrest Way, Encinitas, CA 92024-2786, close to the I-5 freeway in North Coastal San Diego.

St. Paul's Foundation is seeking \$1,056,000 for facility improvements, equipment, and operating expenses during its startup phase. Those interested should contact Todd Kaprielian at 619-239-6900 or TKaprielian@stpaulseniors.org.

###

BACKGROUND ON ST. PAUL'S PACE

St. Paul's Senior Services is a mission-driven San Diego non-profit and full service retirement provider, offering Independent, Assisted Living, and Skilled Nursing communities, Child and Senior day care programs, and a

*Program of All-inclusive Care for the Elderly (PACE). St. Paul's PACE supports seniors so they can continue to live independently at home by providing in-home care, transportation, and personalized medical services. Seniors who are over 55 years of age, with chronic medical conditions that make it difficult to live at home, may **qualify** for services. For more information on St. Paul's PACE, please visit <https://www.StPaulsPACE.org> or call 1(833) PACE NOW.*
