## St. Paul's McColl Nursing and Rehabilitation Administrator Awarded National Certification

*\*\*Brian McBee honored by the American College of Health Care Administrators\*\**

SAN DIEGO, CALIF. (Nov. 20, 2017) – St. Paul's Senior Services announces that Brian D. McBee, CNHA, CALA of Tierrasanta, was recently awarded a Professional Certification by the American College of Health Care Administrators (ACHCA) for his leadership at St. Paul's McColl Nursing and Rehabilitation.

The ACHCA professional certification is a rigorous exam-based process that tests for advanced knowledge gained through experience and continuing education. The completed credential recognizes administrators as leaders in health care with dedication to high professional standards and best quality care.

"I am honored to receive this recognition," said McBee. "Working with seniors is not just a job for me and the St. Paul's team; it's a commitment to improving their quality of life. Our nurses have passion, they focus on every single resident's specific needs so they can rehabilitate and go home. That's where they want to be!

The ACHC Certification has increased my professional knowledge so I can fill my role more effectively."

An administrator who earns Certified Nursing Home Administrator professional or Certified Assisted Living Administrator Certification is privileged to use the credential "CNHA" or "CALA" after their name. To ensure continued competency throughout an administrator's career, the certification must be renewed every five years. McBee's achievement is a credit to the profession, ACHCA, and national health care.

Founded in 1962, the ACHCA is the only professional association devoted solely to meeting the professional needs of today's post-acute and aging services leaders. Focused on advancing leadership excellence, ACHCA provides professional education and certification to administrators from across the spectrum of long-term care. For more information about ACHCA, contact the national office at 800-561-3148 or visit [www.achca.org](http://www.achca.org).
